

FIVE FACTS ABOUT FAITH SUNDAY, AUGUST 9, 2020

We can anticipate a relationship change with God when we allow him to shape our character.

- As you read the story of Noah's faith, how did his decisions make an impact on how you look at your faith?
- If God warned you about things not yet seen, how would you react? Scared? Puzzled? Grateful? Joyous?
- How has your relationship with God shaped or changed your character?
- Faith is learned many times in everyday life experiences. What is one life experience you can point to that made you realize how important faith is in your life? Was your faith strong enough to handle the experience or did you find that you needed to work on your faith and grow it?
- Have you ever felt as if God was not listening? Why did you feel that way? Was it an unanswered prayer or a life that was just too busy to listen for God's leading? How has that impacted your faith?
