*Jesus summed up all the commands in two commands – love God, love others! Followers of Jesus were commissioned to impact the world with the life-changing message of God’s grace. But it’s not easy! It requires earning the right to speak into the lives of others - and that requires love! What will we do for the 8-mile radius to invite people into a growing relationship with Jesus Christ?*

## READ MATTHEW 28:16-20; ACTS 1:8

- What changes and growth have you noticed in the surrounding community?
- What opportunities do you see in the changes and growth in the surrounding community?
- How do you feel knowing there are people in the community who are disconnected from God and/or church?
- Do you agree the church should intentionally strive to connect with those in the community and invite them to follow Jesus? Why or why not?
- What are some ways you can “go” into the community?
- Jesus summed up all the commands in two: love God, love others. How would the world be better if people (specifically followers of Jesus) just did these two commands well?
- What are some ways you can serve as a witness to who Jesus is?
- What next step will you take to pray and prepare to engage, connect and invite?
